

James Stevenson

Web Developer

ABOUT

Web developer living on the Costa Del Sol since 2002 with 5+ years of industry experience. I have excellent people skills and am a proficient communicator. I have a thirst for knowledge and new challenges. Above all, I am a problem solver.

CURRENT STACK

FRONT END

Of course, we need to use the obvious **HTML**, **CSS** and **Javascript** in the front end. I also like to use **React** and **Sass** for larger apps. I find using **Bootstrap** and **Materialize** very useful for mock-ups and templating.

BACK END

I use **Node.js** with **express** to build my **RESTful APIs**. My preferred database method is **MongoDB**. I have a lot of experience working with **WordPress** and have picked up some **PHP** along the way.

EXPERIENCE

SELF EMPLOYED WEB GUY

Freelance JAN 2018 - CURRENT

- Small company websites.
- Online freelancing gigs.
- Graphic design.
- I have used this time to make myself a better developer and expand my knowledge.

DEVELOPER AND I.T. MANGER

Unicor PLC, Benalmadena APR 2016 - JAN 2018

Taking care of the I.T. requirements for a small start-up. The position was enjoyable and rewarding. New challenges on a daily basis kept the work fresh and gave me the opportunity to learn a huge amount.

- Creating and deploying customer websites.
- In-house project staging and development.
- Server admin (CentOS running Plesk).
- Documenting procedures (Word & Excel).
- Training & presentation (written and video production).
- Graphic design (Photoshop).
- Office Hardware & Network updates, repairs & installs.

GENERAL MANAGER & LEAD TECHNICIAN

PC Doctor, Fuengirola DEC 2013 - APR 2016

I started as an in-house technician building/upgrading/repairing customer PCs. I climbed the ranks and took on more responsibility quickly into the role of general manager. After a few years, I felt that I had achieved all that I could from my position and was offered challenges from another employer.
